CHOICE FARM LANDS FOR SALI THE ILLINOIS CENTRAL R. R. CO. IS NOW PREPARED TO SELL ABOUT

1,500,000 ACRES OF CHOICE FARMING LANDS, On Long Credits and at Low Rates of Interest THESE Lands were granted by the Government to aid in the construction of this Road, and are among the richest and the most fertile in the world.—They extend Northeast and Northwest, through the middle of the State, to the extreme South, and include every variety of climate and productions found between these parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Southern section timber predominates, alternating with beautiful prairies and openings.

Bituminous coal is extensively mined, and supplier a cheap and desirable fuel, being furnished at many points at \$2 to \$4 per ton—and wood can be had at the Building stone of excellent quality also abounds, which can be procured for little more than the expense which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gentling rolling—their contiguity to this road, by which every facility is furnished for travel and transportation to the principal markets North. South, East, West and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few years.

Chicago is now the greatest grain market in the world—and the facility and economy with which the products of these lands can be transported to that market, make them more profitable, at the prices asked, than those more remote at government rates—as the additional cost of transportation is a perpetual tax on the latter, which must be borne by the producer, in the reduced price he receives for his grain, &c.

The title is perfect—and when the final payments are made, deeds are executed by the Trustees appointed by the State, and in whom the title is vested, to the purchasers, which convey to them absolute titles in fee simple, free and clear of every incumbrance, lien or mortgage.

THE PRICES ARE FROM 86 TO 830. INTEREST ONLY THREE PER CENT. Those who purchase on long credit, give notes paya-ble in 2, 3, 4, 5 and 6 years after date, and are required to improve one-tenth annually for five years, so as to have one-half the land under cultivation, at the end of that time.

Competent surveyors will accompany those who wish to examine these lands, free of charge, and aid them in making selections.

The lands remaining unseld are as rich and valuable as those which have been disposed of.

SECTIONAL MAPS Will be sent to any one who will enclose fifty cents it Will be sent to any one who will enclose fifty cents in postage stamps, and books or pamphlets, containing numerous instances of successful farming, signed by respectable and well known farmers, living in the neighborhood of the railroad lands, throughout the State—also the cost of fencing, price of cattle, expense of harvesting, threshing, etc.—or any other information—will be cheerfully given, on application, either personally or by letter, in English, Franch or German, addressed to JOHN WILSON,

Land Commissioner of the Hilinois Central R. R. Co.,
